Former Wealthy Oil Man
Captured After Four
Months at Large.

(By the Associated Press.)
ENID, Jan. 26.—Clinton B. Blasdel, formerly a wealthy oil promoter here and twice convicted in the district court as alleged leader of an organized gang of automobile thieves, is today on his way to Garfield county jail after four months as a fugitive from justice, "after jumping" appeal bonds aggregating about \$20,000.
Enid officials were still refusing to comment on the arrest, reported effected early this week by the sheriff of Osage county, in a Nebraska town. They would for the first time admit definitely Blasdel had been captured. They said also that Sheriff Dewing and George Davis, a deputy, were bringing the prisoner from Pawhuska today. Blasdel was arrested in May, 1919, and through the evidence of O. R. Sams, confessed accomplice, he was sentenced to 27 years in the state penitentiary on two of some 15 different charges filed against him. He had made bond, and an appeal was pending when charges of moonshining filed in county court caused him to be ordered into court last fall. When he failed to appear bonds were ordered forfeited and his appeal to the higher court was dismissed.

Jury Finds Young Man Is
Guilty of Assault With
Dangerous Weapon.

Arthur Weatherford was found guilty by a jury in district court Wednesday morning of assault with a sharp and dangerous weapon upon Columbus Scroggins. His punishment was left for Judge J. W. Bolen to decide. Sentence will be passed on Weatherford Saturday, February 5, which is the day set aside by Judge Bolen as "Sentence Day."
The Weatherford case was called for trial Tuesday afternoon but it was necessary to continue it after the witnesses for the state and several for the defense had testified, because of the non-appearance of three witnesses for the defense. The case was opened again this morning when it was found that only one of the truant witnesses were on hand. Depositions were made by counsel for the defense stating what the absent witnesses would swear to were they present, and the case went to the jury after the examination of a few other persons.
Evidence Conflicting
The evidence in the case was a curious mixture of conflicting testimony, no two of the witnesses telling the same story and several times during the trial members of the jury took over the questioning of witnesses to clear up vague and contradictory statements.
Trouble arose between Columbus Scroggins and Arthur Weatherford at a dance at the Scroggins home four miles east of Francis the night of July 19, 1919. A large crowd of country folks attended the dance and from the testimony of a number of witnesses music was furnished for the dancers by an organ, the only musical instrument on the place.
Some of the witnesses testified that an abundant supply of Choctaw beer was on hand, and that several of the dancers were more or less inebriated. Others denied the presence of the "choo" and swore that everyone was sober.
Trouble started when the defendant walked out on the front porch and turned to a friend that it was a "hell of a dance," whereupon he was promptly kicked from the porch by Mrs. Scroggins, the wife of the man who was later injured. He had overheard the remark. Her husband was lying on a bed on the front porch and was awakened by the noise made by his wife and the defendant. He went to the defendant and took hold of him threateningly but the defendant promised to be good and was released.
Used Pocket Knife
Thirty minutes later the two men met again out in the front yard and the subject was re-opened by one of them. One ba word brought on another and the men clashed to fight. In this encounter Scroggins was cut several times with a pocket knife. The most severe of the cuts was nine inches long across the left side, which laid the flesh open to the groin, and confined him to the bed for three weeks.
Mrs. Scroggins' attention was attracted to the fight when she heard a member of the party say that some one was killing her husband. She picked up a bed slat and went

Going to Be Woman's World
Ada Merchant Sees Her Forging Forth

Woman's day has come, according to E. W. Simpson, proprietor of Simpson's Surprise store. Mr. Simpson believes that within the next ten years, woman will have definitely proven that she is as capable and efficient in the business world as man. He predicts that woman is going to force her way to the front, and that the next few years will witness changes brought about by her adept hand.
"Woman has proven that she can be trusted," Mr. Simpson said to a representative of the Evening News following the meeting of the Lion's club at noon yesterday. "We have been too prone to think that because she is sentimental and of a gentle nature she is incapable of dealing with worldly affairs. We are learning that this is not true. We are coming to see her hand in the management of the world's affairs today. Her ability is no longer doubted, and the time is coming when woman will dominate in the business world as well as in the home."
Mr. Simpson believes that being sentimental is a business asset to be capitalized. Unless there is a human element in it, no business can easily succeed. It is the human element in the big stores which makes you a customer of that store. It is the human element in the big industrial enterprises which makes it possible for the wheels to keep turning. Woman will serve to inject the human element which man so often has lacked. She will humanize the machinery of the commercial world, and where there is human sympathy there is a good chance for success.
"Woman is more systematic than man," Mr. Simpson points out. "She pays more attention to details and leaves less chance for failure."

Daniels Warns
Not To Stop
Ship Building

It Would Be Fatal Not To
Finish Six Big Battle
Cruisers.

(By the Associated Press.)
WASHINGTON, Jan. 26.—"It would be a fatal mistake to stop work for six months on the six great battle cruisers under construction for the American navy," Secretary Daniels said today in discussing Senator Borah's resolution adopted yesterday by the senate, asking the senate naval committee whether it would be feasible and advisable to stop naval building for that length of time.
Work on the ships was held up last year by Secretary Daniels until he and technical experts of the navy could visit Europe to confer with admiralty officials there as to what kind of capital ship could best serve naval needs in the future.
The naval secretary deprecated any suggestion that capital ships be abandoned in favor of submarines and aircrafts.

Burk's Style Shop
Preparing To Give
Big Reduction Sale

The Burk's Style Shop on West Main street, owned by E. T. Burk, has put its entire stock in the hands of the News System Sales Company of Oklahoma City, which company is now preparing to conduct one of the biggest sales in Ladies Ready-to-wear goods in state. This company is known over the state as one of the most daring price cutters in the business and will open the sale Thursday morning for the purpose of raising \$10,000 in cash for the future use of the store.
This store has joined the thousands of others in the state in helping to reduce the high prices back to normal, and this sale is the method which they have adopted to do it. The Sales company's representative has been here for several days arranging the stock and fixing the prices. Also an able force of clerks have been employed and the final preparations for the sale are being made today.

The order of the Eastern Star will meet in regular session this evening at 7:30. Deputy Grand Matron, Mrs. Jimmie Livingston, is expected to be here.—Mrs. Bird Nesbitt, Secretary. 1-26-21

to the scene of the encounter and dealt Weatherford several blows over the head and back. About this time some one fired a pistol and most of the crowd ran off and did not return.
The case was submitted to the jury without argument by counsel and the verdict mentioned above was returned thirty minutes later.

Jailed for Contempt
While the jury was out deliberating on the evidence, Judge Bolen had Arthur Polk brought before him to explain why he had failed to appear as a witness in the case, until he was brought in by the sheriff. His reason did not meet the approval of the judge and he was sentenced to one day in jail for ignoring the subpoena of the court.

This is the first action to be taken by the judge against parties who have delayed the work of the term but he has issued a warning to all parties concerned to the effect that they may expect to pay for any delay they occasion.
The murder case against J. L. Anderson is in progress this afternoon, and will perhaps go to the jury before night. Anderson is charged with the killing of William Edwards, an Indian, near Roff on November 27, 1918.

The rape case against Joe Parks will likely be postponed till Thursday, as the murder case will take up most of the afternoon.

GERMANY MUST
DISARM, ORDERS
ALLIED COUNCIL

Must Disband War Forces
As Provided in Treaty
of Versailles.

(By the Associated Press.)
PARIS, Jan. 26.—Allied military experts today handed the supreme council their report on a plan for disbanding German military units. The report gives satisfaction to the French viewpoint on the question providing for full compliance with all disarmament clauses of the Versailles treaty.
It concedes to Great Britain a further delay which was asked for on Monday before the supreme council by Premier Lloyd George. Two thirds of the operations of disarmament must be completed by March 1 and the work must be finished by July 1.
This decision means that the civic guards and the security police must be disbanded as must all other similar organizations not allowed by the treaty of Versailles. The council has still to act upon the report, but it was the general opinion this afternoon that it would approve the conclusion of the experts.

Connecting Water
Mains To Reservoir
South of City Today

The entire water system of the city has been off today on account of the work of connecting the mains with the new concrete reservoir south of the city. This will probably be the last time that any of the mains will be out of commission as all of the pipe lines have been installed and connected. With the completion of the new reservoir an unlimited supply of water will be guaranteed to the water consumers.
This work has been going on for the past several months and is now being completed. All parts of the city are now well piped and an up-to-date water system is ready for use. Another great step is made in the progress of Ada with the finishing of this new system.

WASHINGTON, Jan. 26.—Charges that Charles M. Schwab had received payment from the government for expenses while serving as director general of the Emergency Fleet corporation were not proven and not true, the Walsh investigating committee declared today in an authorized statement.
The opinion of the committee was expressed in a statement by representatives Steele, democrat of Pennsylvania, who said it was based on testimony and documentary evidence while he individually felt a great injustice had been done Mr. Schwab.

NEW YORK, Jan. 26.—"I am indeed grateful," Charles M. Schwab, steel magnate, told the Associated Press today when he learned that the Walsh committee had issued a statement in which he was cleared of charges of receiving payment from the government for expense while serving as director general of the Emergency Fleet Corporation. "It is the best news I have ever heard," he said, his voice shaking with emotion.

CHANCE FOR PEACE IN
CHINA MADE PUBLIC

PEKING, Dec. 27.—The Peking government has received a note from Dr. Sun Yat-sen, head of the newly organized "extraordinary" government of South China at Canton, making three demands which he says the Peking government must meet before the Canton group will entertain the proposition for reunification of the country.
The demand set for dismissal from the Peking administration of all militarists, including premier Chin Yun-peng who is also Minister of War; cancellation of the mandate recently issued by the Peking government announcing the union of the two factions in North and South China, and pledge not to negotiate any further foreign loans.
The government, according to a high authority, considers the demands impossible and an evidence of a lack of desire on the part of the southerners to encourage peace efforts.

Says Woman's Word Is
No Better Than Man's

Judge Crawford Thinks Old
Code of Chivalry Is
Now Dead.

"In days of old, when knights were bold," a man suffered for his wife—even unto serving jail terms for law violations.
And in the ages that followed, man was nonetheless gallant and chivalrous. An unwritten code was followed—a code which said that woman was man's ward and should be protected by him because he was the stronger. Woman's word in court has been accepted against that of man. Especially has this been true where a woman's honor and good name have been involved. Because she did not enjoy the right of franchise, and because she was woman, the courts have often been swayed to the woman's side through chivalry.
"Do you think it is right for a woman's word to be accepted when it is placed in the balance against that of man?" was asked of County Judge Tal Crawford this morning. The judge was at breakfast with a representative of The Evening News.
"Since women have been given equal rights with men, I am inclined to believe that their equality would extend to the courts," was

Troubles of West Virginia
Union To Be Aired
in Court.

(By the Associated Press.)
WILLIAMSON, W. Va., Jan. 26.—Twenty-four men from the little town of Matewan, five miles away, were here today to answer to the charge of murder before Judge R. D. Bailey, in the Mingo county circuit court. They were indicted last July for the part they are alleged to have taken in a battle with private detectives who had evicted former employees of the Stone Mountain Coal company from the corporation's houses. In the fight, seven detectives, Mayor C. C. Testerman, and two other citizens were killed.
The trials were set for the September term of court but were postponed until January 19 and each of the defendants released on a \$10,000 bond. Two hundred veniremen had been summoned from among whom it was hoped the jurors would be obtained and scores of relatives and friends of the accused men gathered here for the trials.
The defendants include Sid Hatfield, chief of police of Matewan, a number of workers and a union organizer.

FEDERAL WARRANT IS
FILED AGAINST RECTOR

(By the Associated Press.)
EAST ST. LOUIS, Ill., Jan. 26.—A federal warrant was filed here today charging Guy Kyle, former rector of the Free Methodist church at Mt. Vernon, Ill., with the theft of \$198,000 from the mails at Mt. Vernon, January 14, last. Kyle has confessed complicity in the robbery. The warrant, filed by the United States District Attorney Burnside, did not mention the \$27,000 also obtained in the robbery, but continued charges to the amount recovered which was found on Kyle's property. Kyle probably will be arraigned here late today. He has announced he would waive preliminary hearing.

THREE SHOT OVER
OLD FEUD AT LULU

"Bad Man" Opens Fire On
Old Enemy in Express
Office.

Three men were injured, one perhaps seriously, in a shooting affray at Lulu Tuesday afternoon. Emmet Bales was shot twice through the right side by John Hall after Bales had fired three shots at him, each of which caused slight injuries. Joe Johnson was shot at by Bales but escaped without injury.

The shooting is said to be the outgrowth of an old feud which has existed between the participants. According to parties who witnessed the affair Bales entered the depot at Lulu about 4 p. m., where Hall was seeing about some express. Without warning, it is alleged, he drew his pistol and commenced shooting at Hall.

The first bullet passed through Hall's left foot, and the second through his left arm knocking him to his knees. Bales then turned his weapon toward Joe Johnson, firing two shots at him, neither of which took effect. Bales then turned to Hall who was on his knees drawing his pistol. Taking deliberate aim he fired at Hall's head, but the bullet only punctured the left ear. At this time Hall opened fire on Bales shooting him twice in the right side before he escaped from the room.

Bales was arrested by the constable at Tupelo Tuesday evening. Sheriff Duncan went after him immediately after being notified of his arrest, but the doctors would not let the injured man be moved on account of his serious injuries. He will be brought to Ada this afternoon if his condition will permit and will be arraigned on the charge of shooting with intent to kill.

Hall and Johnson are both prominent farmers, and live near Lulu, Bales is also a farmer and lives near Tupelo. It is said that he has served one term in the penitentiary for an assault with intent to kill, and is now out on bond given in Coal county for the alleged shooting of a man last year. He was also arrested at Coalgate during the "Green Corn" rebellion, and is considered a dangerous man.

TRAPPIST MONK RENOUNCES VOWS AFTER 20 YEARS TO MARRY VIRGINIA WOMAN

Mr. and Mrs. Biddle, photographed after the wedding.

After living the life of a Trappist monk in a monastery at Gethsemane, Ky., for twenty years, James Cornell Biddle, member of a prominent Philadelphia family, renounced his vows of perpetual retirement from the world and was married to Miss Mary Lena Gaites of Warrenton, Va., at St. Matthews' rectory, Washington, December 15. Biddle is fifty-two years old, while his bride is forty-eight. After New Years the couple will go to Paradise, the bride's colonial homestead near Warrenton, one of the best known mansions in Virginia. Through his family connections in England, Biddle had the right to the lands and title of Lord Wyville, but he preferred to remain in this country.

SPORT A-PLENTY ON VANCOUVER ISLAND ALL THE TIME

When Captain Vancouver discovered Vancouver Island 128 years ago, he declared that it required only to be nourished by the industry of man, with villages, mansions and cottages to be "the most lovely country that can be imagined." Man has ably supplemented Nature since then, and the traveler who has crossed the United States to California returns east through Canada to enjoy the beauties of Victoria and Vancouver and the Canadian Pacific Rockies. Owing to its mild climate in winter, Vancouver Island is as great a playground for lovers of sports as it is in summer. There are splendid roads and famous drives for the motorist, water sports of all kinds are popular, and golf, tennis and cricket have thousands of devotees. Victoria and Vancouver girls are clever with the oars, particularly the girl scullers of the Vancouver Rowing Club who have won laurels even in competition with crews of the sterner sex. In the picture they are (left to right), Miss Elsie Cooper, Miss C. Shamp, Miss R. Matheson, Miss Florence Cooper and Miss Leonie Lalonde. Vancouver Island is a great resort for fishers who lure their finny prizes from both fresh and salt water. One of the gamest of these is the tye salmon, so called by the Indians, the name meaning king fish. Victoria has many expert fishermen, among them W. R. Fletcher, a conductor on the Esqu-

mal & Nanaimo Railway, who recently caught two tye salmon weighing 48 and 45 pounds, respectively. "When one of these boys hits the spoon," says Fletcher, "he'll keep on 'stepping some' for awhile. He'll tow you around, give for the bottom of the sea, then come up and jump five feet in the air. Sometimes he'll fight for nearly an hour before you land him in the boat."

ENGLAND AND FRANCE.

England and France must hold together—or both will fall. But the difficulties of joint action are great. Our nation is, above all things, practical—ready to see that conditions are changed, that new plans must be formed. And our governments are more completely and continuously under the direction of parliament and of opinion than is usually the government of France. But the French people and their rulers, with the passionate will of their race, and their exact and scientific mind, vehemently insist on literal execution of every agreement and precise adherence to every cause of a common policy. To differ from their view is to desert them—to see new conditions is to side with their enemy. All this makes cooperation extraordinarily difficult.

It is impossible for us to join in all the schemes on which France has set her heart—and yet we cannot actively oppose them. We will, and we must, press Germany to make good her reparation in all reasonable measure; but we cannot join France in fresh military invasion of German land. We know how futile are hopes of any Russian government recognizing outstanding liabilities—how vain is the refusal to trade until this is done.

We know how precarious and how tractable is the newborn Polish nation. Yet we cannot formally resist the French obstinacy for these schemes. As a matter of fact, we are powerless to take any adequate part in any of them. With Constantinople, Palestine, Mesopotamia, India, Ireland, all in military occupation, we have not a man to spare. Finally, the democracy at home places an absolute bar on any fresh commitments of a warlike kind. On the contrary, it is loudly calling out for a great reduction of those we have.

THE FIRST LOOK AT LIFE.

Many persons who are not parents will be. Being a parent is a large hunk of life, and the way to win at being a parent is to have successful children. During the past only the very wise have realized that a child's life is affected more before the fifth year is reached than ever after. Nine out of ten parents still fail to realize how quickly the human offspring becomes a thinking being. Personality, character, thinking machinery, all begin to open up almost when the eyes are open.

In other words, the child's first look at life—long before parents usually dream that it makes much difference what the child hears or sees—is as important as anything connected with the future of the race, with the home, with parents, with you.

The one visitor to your home who should always see you at your best is your own baby! A whole lifetime may be made successful or twisted out of shape by a few months of the right kind or the wrong kind of a first look at life.

A GOOD BET FOR GOVERNOR.

If the democrats of Oklahoma are in earnest in looking for a "Moses" who can lead them out of the Political Wilderness in 1922, they need look no further than Oklahoma City. Of all the gubernatorial possibilities for that not distant year, Carl Williams of Oklahoma City is the state's best bet. As editor of the Farmer-Stockman, he has done as much for the agricultural interest of the state as any other dozen citizens. He is not a politician and has not played politics. He knows the state's business like the multiplication table. He is known to every farmer in the state as the farmer's best friend. He has a mind like a steel trap. If the democrats really want to win, let them nominate Carl Williams for governor and the rest is easy.

WHY DO YOU LIVE IN ADA?

Write the Evening News a letter telling why you live in Ada. We want to boost Ada by telling of the advantages of living here, and the people who live here know what these advantages are.
For the best letter we will pay \$5, and for the two next best we will give two half-year subscriptions to the Evening News.
The contest closes Saturday. All letters must be sent in not later than Friday. The News will publish all letters sent in, and these will be turned over to the Chamber of Commerce to be used as advertising matter for Ada.

Dear Editor: I live in Ada because it is the best town in the southwest. We have various industries here, as well as the best water and natural gas supply in the state. We have the best schools and churches, the best business houses and hotels, the best daily and weekly papers, the best city and country officers and the best commercial club in the state. This is the healthiest climate as well as the best farming district. Ada is the best town socially, morally and religiously in Oklahoma. It has been my home for nineteen years and I am proud of her.

MRS. J. RONDELL,
411 West Twenty-first St.

Editor Evening News: The city of Ada has many advantages over other towns—healthy location, good water and a never ending supply of it. The good railroad facilities and the many other enterprises that make the town worth while to live in. They furnish employment to the people of our town. The churches and Sunday schools, last, but not least, our literary schools of which we can boast for they are second to none in this state or adjoining states. Our educational facilities are the best.

Good wishes for the Ada Evening News.

Piano Students to Give Two Recitals at Methodist Church

The students of Miss Leone Steed, instructor in piano, will give two piano recitals this week, one Thursday night by the advance students, and one Friday night by the students of the intermediate classes. These students have been well trained and excellent programs have been selected for both recitals, which will be given in the Methodist church.

In connection with the recital given by the advance students tomorrow night several numbers will be rendered by Miss Dorothy Duncan, soloist, and readings will be given by Miss Sarah Tunnell. Both of these ladies are very talented in this work and no doubt will be highly appreciated by all who attend.

The program for the intermediate classes will be greatly enlarged by readings which will be given by Misses Mildred Scales and Lady Percy Shaw and by a cornet solo by Master Jack Kennedy. These extra numbers added to the regular programs will furnish an excellent opportunity for the music lovers of the city to spend two pleasant evenings and will give them a better idea of the progress being made in the musical circles of the city.

The students under the direction of Miss Steed have shown a great interest in their work and fine progress has been made by them the past year.

Following is the program to be given Thursday, 8:15 p. m., at the Methodist church by the advanced students studying with Miss Leone Steed:

"Sonata Pathétique" — Beethoven
Violet Moore
Piano, "Shepherds All and Maidens Fair" — Nevin
Geneva Payne

Reading, "Molly Make Believe" — Eleanor Hollowell Abbott
Sarah Tunnell

Piano, "Will o' the Wisp" — Jungmen
Nina Collins

Piano:
a. "Two Part Svention" — Bach
b. "En Gondole" — Fontaine
Geraldine Lee

Reading:
a. "Mrs. Rastus Jonson After the Wedding" — Ralph Pincham
b. "Mandy's Man and Safety First" — Maurine Parker
Sarah Tunnell

Piano:
a. "Consolation" — Mendelssohn
b. "Andante, Op. 62, No. 3" — Mendelssohn
c. "Polish Dance, Op. 2, No. 1" — Scharwenka
Bernice Roach

Piano, "Butterfly" — Grieg
Sarah Tunnell

Song:
a. "Spirit Flower" — Campbell Tipton
b. "Thank God for a Garden" — Teresa Del Riega

Piano, "March Fantastique" — Smith
Miss Dorothy Duncan

Piano, "Fantasie Impromptu, Op. 66, F" — Chopin
Violet Moore

NORMAL NOTES

Homer Burkhardt has enrolled in the Normal this term. He will be a member of the senior class.

Pres. Linschied made a business trip to Tecumseh Saturday morning where he spent the day.

Mr. Robinson was in Subur Friday afternoon of last week where he addressed the teacher's association meeting.

Mrs. Carter, the registrar, reports a good enrollment this semester just beginning. Fortunate new students have been enrolled.

Miss Grace Bertram, of Sulphur Springs, Texas, has enrolled in the Normal this semester. She is a sister of Mrs. C. H. Chapman, with whom she is staying.

Miss Faye Knotts, who completed all the courses for graduation last term, has accepted a position as teacher in the school at McMan, Okla., and began her work there Monday of this week.

The senior party held in the reception room at the normal on Saturday afternoon, Jan. 15, was pronounced a decided success by all who attended and was an enjoyable affair from the first to the last. While assembling the guests were entertained with music and small talk but the playing of progressive games furnished the chief entertainment for the evening. At the conclusion of the games Miss Elizabeth Smith was awarded the prize a large stick of candy, for receiving the highest score.

As a climax to the evening's enjoyment, as most will conclude, delicious refreshments were served in two courses as follows: Tuna fish salad, olives, cheese cephrettes, sandwiches (dion des yeux) grape juice, lemon snow and wafers. The refreshments were prepared and served by Misses Zuma Horton, Hazel Strohm, Jewell Dial and Agnes Cameron.

The Housewife of 1921.

Now that Woman's Suffrage is a reality the American woman must henceforth be considered not merely as a housekeeper and home-maker, but as a voter—a citizen and a force in this busy work-a-day world. With added responsibilities her health should never be neglected, and when beset with ailments peculiar to her sex she owes it to herself to first give that grand old medicine, Lydia E. Pinkham's Vegetable Compound, a trial, as for over forty years it has been the standby of American women in restoring them to health and strength. adv.

GO TO THEATRE

McSwain.

Charles Ray is again an amateur inventor in "Homer Comes Home," his latest Ince offering, which will be the feature attraction at the McSwain theatre today. You remember how in "Greased Lightning" Charlie evolved a home-made automobile that was the joke of the village, but which vindicated its owner in the pinch.

The latest invention has to do with motor cars too. But this time it is a non-skid arrangement that you fasten onto the back of your machine when it rains. Charlie, as a worker, in a small town garage, tries the invention out on his employer's car. The boss, all torped out in his dress clothes and high hat, is on his way to a big party and Charlie is driving. It is raining pitchforks. All goes well until within a few feet of the scene of the festivities—Zowie! The car spins around like a top, the boss's clothes are ruined, and Charlie is fired on the spot.

But that's just the start of the number of exciting and humorous adventures which Mr. Ray fills with his usual charm. "Homer Comes Home" was produced by Thomas H. Ince and directed by Jerome Storm for Paramount Aircraft release. Priscilla Bonner and Otto Hoffman are in the cast.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets Are a Harmless Substitute

Dr. Edwards' Olive Tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. For 17 years he used these tablets (a vegetable compound mixed with olive oil) in his private practice with great success.

They do all the good that calomel does but have no bad after effects. No pains, no griping, no injury to the gums or danger from acid foods—yet they stimulate the liver and bowels. Take Dr. Edwards' Olive Tablets; when you feel "foggy" and "heavy," note how they clear clouded brain and perk up the spirits.

Court House News

Whisky Case Dismissed.

The charge of being in unlawful possession of whisky was dismissed against Nettie Owens, a white woman, in police court Tuesday afternoon, when the officer who made the arrest failed to declare positively that the woman had whisky.

The officer stated that when he entered the Owens home, north of the oil mill she poured from a bottle a substance which he thought was whisky. Two men found in the house when the officer entered had empty glasses sitting on a counter before them, but testified that the glasses had contained water.

HOT, DIZZY FEELING

Atlanta Lady's Uncomfortable and Annoying Condition Relieved, She Says, by Cardui.

Atlanta, Ga.—Miss Alice Frances Young, of 28 East Alexander Street, this city, says: "After entering womanhood, I suffered so much with womanly weakness. My back ached. I would have, at certain times, a hot feeling that seemed to go to my head. Even my shoulders would hurt, and it made me very dizzy and uncomfortable. When the blood would flow to my head—I suppose that was what it was—I would faint and feel so weak."

"I couldn't do my work. I had a good position, and this was surely annoying as well as embarrassing. I would usually have to go home and go to bed. I certainly suffered greatly."

"I heard of Cardui, and my mother bought it for me. It was the first and only medicine that ever did me any good for this trouble."

Dizziness, headache, sickache, backache, tired-out feeling and other disagreeable symptoms are often signs of womanly troubles. Thousands of women who formerly suffered from these and similar ailments have found Cardui a very valuable remedy.

Cardui is composed only of pure, vegetable ingredients which have long been recognized as of medicinal value in the treatment of many diseases and disorders peculiar to women.

POOLING COTTON
FOR MARKET IS
MORE PROFITABLE

Oklahoma Cotton Growers' Association Will Handle 300,000 Bales.

Investigations recently conducted by the Oklahoma Cotton Growers' association show that last year, where cotton was sold locally in pools, the growers realized from \$5 to \$25 more for each bale than the local market offered.

At Blanchard, in McClain county, the farmers last year sold in 100-bale pools and received from \$15 to \$25 more than the local market price. Other communities reported like success with the plan.

John A. Simpson, state president, Farmers' Union, advises the association that the union sold cotton co-operatively in a local way at many places in the state last year.

"In every instance," says Mr. Simpson, "it has meant a gain of from \$5 to \$15 per bale. If we can do this much by pooling on a small scale, what may we not expect when the Oklahoma Cotton Growers' association pools three hundred thousand bales?"

The association, it is explained, will grade, class and staple all of the cotton of all of its members, selling through its own hired marketing specialists, in even running pools, direct to the spinners in many cases. This would be impossible for an individual or small group of individuals to do. The association, however, controlling three hundred thousand bales under contract to be marketed through the association for a period of seven years, can go on the markets of the world with a sufficient quantity of cotton of a given grade, class and staple to command the best price possible to obtain.

Officials of the association assert that the quota of thirty thousand members by May 1, will be reached considerably before that date.

Kingston Coming
To Play Ada High
School This Week

A basketball game between the boys' teams of the Kingston and Ada High schools is scheduled to take place on the local High school court next Friday night. This promises to be one of the most interesting games of the season and will be a game full of pep, climaxes and excitement for the High school fans.

The Kingston team has played several games this year, having already met the teams from Madill, Tishomingo, Atoka and McAlester. Only one or two of the games which they have played has been lost by them.

The High school team here has been going through some hard and strenuous practice for the past two weeks and have the advantage of playing on their home court. The men are eager for the battle and their best efforts will be put forth to win the game. The game will be played in the High school gym and will be called at 7:30. Admission 25c.

WANTS MORE AMERICAN
HISTORY IN SCHOOLS

INDIANAPOLIS, Ind., Jan. 26.—Declaring that the educational institutions of the United States are turning out graduates better versed in the history of Greece and Rome than in that of their own country, Henry J. Ryan, chairman of the Americanism commission of the American Legion, has announced the start of a legion movement to make the study of American history and civics compulsory in all public and private schools.

The Legion's Commission, according to Mr. Ryan, proposes to work out its educational program through the various state departments. Legislation, outlined by National headquarters, will be backed in the various state legislatures by the legionnaires of the different states.

Mr. Ryan said that, while the study of American history and civics is more or less general, there are a number of schools in which the subjects are elective and from which a student may be graduated without knowledge of their essentials. It is to correct this situation that the Legion has acted.

MILLIONS GIVEN
BACK TO ALIENS
BY UNCLE SAM

WASHINGTON, Jan. 21.—Approximately \$117,000,000 worth of property taken over by the alien property custodian during the war has been returned to American born wives of Germans, Austrians and others, it was said today at the custodian's office.

The returns were made under a recent act of congress which permitted women who, before the war, married subjects of enemy countries and citizens of countries since separated from Austria Hungary, to file claims for their property in this country seized by the government under the trading with the enemy act.

Normal Quintet To
Play Shawnee O.B.U.
In Double Header

The Normal quintet will leave tomorrow afternoon for Shawnee where they will play two games with the cagers of the O. B. U. They will be under the supervision of Coach Clary and are going with the expectation of bringing home the bacon.

The O. B. U. team is one of the strongest teams in the state, having already played several games in which a good showing was made. The team has played with the Stillwater A. & M. team and Central Normal team at Edmond, losing both games by one point in the last ten seconds of the games.

Clary has been preparing his men for these two games for the past two weeks and although it will be their first college game for the season, he believes his men will be able to win. They will leave here on the 4:34 Katy and will return the same night.

The following are the men whom the coach will take with him: Harrison, Chisholm, Sherman, Cooper, C. Roach, Brents, Little.
